Parental Engagement

It is proven that young people have an enhanced education experience and outcomes when their parent(s) / carer(s) are involved in their education. Parent evenings and events are held throughout the year. Both the Parent Council and School are keen to harness the views of parents.

We are presently looking for your views on attainment:

What do you think of the schools attainment record?

Are you happy with the level of attainment?

Do you have any suggestions for improving the attainment?

Fundraising

We hold 2 fundraisers a year:

1. Christmas Raffle (December)
2. Coffee morning (April)

All the monies raised go to the school to support the learning of the young people e.g. part funding of Show My Homework. Your support in fundraising is vital in terms of selling and buying raffle tickets, providing raffle donations, supporting the stalls at the coffee morning and attending events.

Plea to Parents/Carers.....The Parent Council is currently a very small group and we would love to welcome new members. A number of our current members will be leaving in June when their children leave school. We desperately need more members to join us.
