

1 June 2020

Dear Parent

I hope this weekly letter finds you and the family well and I hope you enjoyed the good weather this weekend.

### **May - Monthly problem solving challenge**

Well done to all who entered the problem-solving Challenge set for May. Lots of correct entries were submitted by S1-3 pupils and staff this month.

The randomly selected winning entries were:

Pupil - Orla Younie

Staff - Mrs Valentine

All prizes will be kept and distributed when we return to school.

The challenge for June is already out - get your entries in by the end of the month to be in with the chance of winning the prize and being crowned *Monthly Problem Solving Champion* for June.

Good Luck!

### **Returning to school**

I imagine you have many questions and please be assured that information will be shared as soon as possible but meantime I can report that our preparations are underway. We are working as part of a local authority team, liaising with different departments of our council. The level of the planning required is significant and we may not be able to share plans for some time. Please also note that we are planning in addition to providing an educational experience in this alternative format. Over the month of June, we will have many meetings and staff will be in school from this week to plan and prepare for the pupil return which is anticipated in some form in August. This may impact on teaching staff's availability and delivery of online educational provision and we will keep you posted on this. Thank you in advance of your support which we appreciate especially during these uncertain times.

### **Moray council survey**

The central team would ask that parents and pupils consider completing this survey with their views on home learning to inform planning a return to school.

I will be in touch next week to update you and thank you, once again, for your support and patience through these challenging times.

I hope you all continue to be well.

Yours sincerely
