

11 May 2020

Dear Student

I hope this message finds you and your family safe and well.

I am so impressed with the VE Day entries so far. These will go to our Parent Council who will announce the winners this week. Please note that there is the numeracy challenge this week and it would be great to see so many entries going forward.

We are looking forward to welcoming back Mrs Fraser to the Maths department on Thursday as she returns from Maternity leave. Mrs Fraser will be in touch with her classes through Teams in due course and she rejoins the team with all of our best wishes.

In the files section, I have uploaded a document which tells you about the offer we have developed and continue to work on as a staff. There is also a schedule for staff availability so that you know when would be best to contact them to ask any questions about your work.

There will be an achievement assembly next week which will be shared by video link to you all. It is great to see so many students taking responsibility for their learning and making great progress. Please note that all staff acknowledge individual circumstances and the many hardships facing our families at this time and we are so impressed by how you are keeping up the good work.

There will be regular Student Voice requests on the channel in this Team so make sure you have your say – it is your school!

Please continue to do your best, stay safe, observe social distancing and look after yourself.

Best regards

Mrs T Cameron
Head Teacher
