

15 June 2020

Dear Student

I hope you had an enjoyable weekend and are raring to go for the week ahead.

### **Awards Ceremony**

We have created a video version of our ceremony and this will be ready to share with you on Wednesday. We have tried to make this as similar to the ceremony as possible and will send out certificates. Once we are back to school, we will make arrangements to issue the trophies, where possible. Well done to everyone who has won awards this year.

### **Return to school planning**

Please note that this is ongoing with many meetings with central HQ staff and other headteachers. We are working to balance social distancing rules, buses, cleaning schedules and staff contractual obligations to offer pupils the most contact while minimising opportunities for problems related to the Virus. Once our plans have been finalised and approved, we will share details with students and parents. We are producing a video link for students to show them the new set-up and explain how their return will happen. We have set up a Student Voice consultation this week and ask that you think of questions and I will answer the commonly asked questions in the video to be sent out just before the holidays.

### **Reminders from previous briefings**

Please remember that we are asking all textbooks to be returned to our school office as soon as possible. There are envelopes and labels available from reception Monday – Thursday 9.00 am – 1.00 pm to minimise contact. There is also a whole school challenge *An action to improve your environment* with prizes sponsored by our Parent Council due by noon on Wednesday 24 June.

Please keep up the hard work and try your very best each day.

Best regards

Mrs T Cameron  
Head Teacher
