

12 February 2021

Dear Parent

I hope you and your family are safe and well. Here are a few reminders and updates concerning the school community.

Return of senior phase pupils

We have been working hard this week to plan for the return of some senior phase pupils in line with the recent government announcement and have created a provisional plan to be endorsed by the necessary authorities. I know that many parents and pupils have questions and would like information sooner, however, there are many logistics to organise and significant preparations to be undertaken. Please be assured we will share this information with you at the earliest opportunity.

10,000 step challenge

A reminder that this is ongoing and you can join at any stage. We will announce mid-month leaders for pupils, parents and staff soon!

Materials for home learning

Please contact our office in the first instance if you need help with IT or to request necessary stationery items. We can send out jotters, paper and other essentials for pupils who are completing work at home.

Parent and pupil voice

It is important to us to regularly seek parent and pupil views and as such all parents and pupils will be asked to complete the annual survey at the end of the month. In addition, we are sending letters to a sample group of parents and pupils to offer opportunities to be part of a focus group where small groups come together to share their experiences to inform school improvement priorities. As always, you can contact us at the school should you have any questions about this.

Communication

Please continue to keep in touch with the school and update us with any issues concerning your family that you would wish to share. Remember to do what you can and not feel unnecessary pressure as you support your child/children with their remote learning and please contact us if you need any support at all.

Have a great weekend and please look after yourselves.

Best regards

Mrs T Cameron
Head Teacher
